Type: Arts Education Outreach Services

Recommended grade levels: K – 12

Content:

Academic disciplines: Math, Science, Social Studies, Language Arts

Artistic disciplines: Dance and Creative Movement, Drama, Visual Arts

Curriculum: Arts Infusion Curriculum, Georgia QCC Fine Arts Curriculum

Professional Development: Arts Infusion 101 – provides arts-infused teaching strategies for educators, K-12, 2 PLUs. Held each June.

Outreach Programs: *Art @ School* - an artist residency program designed to link the artistic and academic curricula for students, K-8th.

Other Programs: *Art @ School* is available during the school day and for after-school programs. The Art Factory also provides weekly visual art instruction for the women of Hope House who are fighting substance abuse, for children who are hospitalized at the Children's Medical Center, and for pregnant women confined to the hospital at the Medical College of Georgia.

Facilities:

All programs are held in accessible facilities with ample parking and restrooms.

Georgia Performance Standards: All programs are aligned with appropriate Georgia Performance Standards and the National Standards for Art Education, based on the focus of the semester project.

The mission of The Art Factory is to provide the Augusta community with high quality fine arts educational experiences that also promote the development of positive life skills.

The Art Factory is committed to making the arts available to anyone regardless of physical, emotional, or financial challenges. The Art Factory began as the dream of two women who recognized the need for more accessible and affordable arts education programs for children, especially for those from low-income families. During the last year, The Art Factory provided fine arts instruction in dance, theatre, and the visual arts to 1,488 children in Richmond County schools, *free*, at their schools or in after-schools arts programs.

The Art Factory's purpose is to introduce and expose the community to the art of dance, drama and the theatre, music, and the visual arts in an effort to provide a comprehensive arts education for the community at large. By connecting our fine arts programs to the academic curriculum, The Art Factory is strengthening the position of the arts in education, contributing to the development of *positive life skills* for the children of our community.

Each semester, The Art Factory's *Art @ School* program focuses on a master artist, the time period in which they lived, and the significance of their artistic contributions. This arts infusion program includes a children's literary publication about the artist, elements and techniques of an art form, artistic and academic objectives. *Art @ School* residencies are available for 10 – 14 weeks and are taught by professional teaching artists who are members of The Art Factory's faculty. All *Art @ School* residencies are funded through grants, contracts, and contributions. These residencies are provided free to the students and at no cost to the Richmond County Board of Education.

For the Fall 2008 semester, *Art @ School* residencies will focus on the art, architecture, and genius of Leonardo da Vinci. The students will learn about the life and times of da Vinci, his numerous inventions, and his art. The lessons will include artistic and academic vocabulary, using some of the instruments da Vinci invented such as the compass, creating tessellations, and developing an understanding of the creative process. This *Art @ School* residency is a language arts, math, and visual art based residency and aligns with grade level objectives. This *Art @ School* residency will be in selected grade levels at Bayvale, Garrett, and Milledge Elementary schools, Glenn Hills Middle school [through the 21st Century Learning Program], and Sand Hills Psychoeducational Center. The residencies will culminate in an art exhibit at the schools and at the Richmond County Board of Education. After the exhibit, the artwork will be returned to the student artists.

A sample of Georgia Performance Standards for the da Vinci residency include:

Language Arts – Fourth Grade:

ELA4R1 – The student demonstrates comprehension and shows evidence of a warranted and responsible explanation of a variety of literary and informational texts.

ELA4R3 – The student understands and acquires new vocabulary and uses it correctly in reading and writing.

ELA4LSV1 – The student participates in student-to-teacher, student-to-student, and group verbal interactions.

Math - Fourth Grade:

M4G1 – Students will define and identify the characteristics of geometric figures through examinations and construction.

M4P4 - Students will understand how mathematical ideas interconnect and build on one another and will apply mathematics in other content areas.

M4P5 - Students will create and use pictures, manipulatives, models, and symbols to organize, record, and communicate mathematical ideas.

Discovery Concerts: *Mozart's Magnificent Voyage*

Admission: \$4. One adult is admitted free for every 10 paid admissions.

Type: Symphony orchestra concert with actors and theatrical lighting

Recommended grade levels: 3-6

Mozart's Magnificent Voyage

Mozart's Magnificent Voyage is a theatrical concert presentation designed to introduce children to the life and music of Wolfgang Amadeus Mozart. This production features 2 actors performing a story that is underscored by 23 excerpts of Mozart's best-loved works performed by your Augusta Symphony.

Mozart's young son, Karl, longs to be taken from his boarding school to spend more time with his famous father. His wish is fulfilled when Wolfgang Amadeus takes him to a performance of the *Magic Flute*. This true father-son event gives Karl a chance to understand Mozart's extraordinary life as a traveling prodigy, his pressures from family and fame, his passion for composing, and the bonds they share. In the end, the son realizes that he is well loved and that he will always have his father by his side through his timeless music.

Georgia Performance Standards

The Columbia County Ballet is the Official Resident Ballet Company of the Jabez Sanford Hardin Performing Arts Theater. CCB has presented the annual Roar of Love based upon C. S. Lewis' The Lion, the Witch and the Wardrobe for 23 years 19 of which have been in the Bell Auditorium. Below are a few comments from respected patrons of CCB.

"I thoroughly enjoyed our collaboration (Peter and the Wolf, February 2008) with the Columbia County Ballet. The dancers were excellent, and our audience was very responsive." **Maestro Donald Portnoy/Augusta Symphony**

"The New Nutcracker is a polished gem, a fresh and exciting version of Tchaikovsky's timeless ballet. Ron Jones is a master artist, bringing out the best in each of his dancers making this production a colorful Christmas tradition for his audiences. Bravo! Bravo! Bravo!" **Johnny Carr, Columbia County's Outstanding Artist of the Year, 2008**

"Excitement, enthusiasm, energy, professionalism, passion and power - these are hallmarks of the Columbia County Ballet. I have worked with this outstanding ballet troupe on several projects, one encompassing over 900 in audience participation, and every facet of every production from planning, rehearsal, cooperation, performance, and post-performance follow-up was handled with care and concern for all involved. The Ron Jones Ballet dancers are an incredible gift to the Augusta community as they enrich the lives of all who share in their art of dance.

Dr Rodger Murchison, Associate Pastor First Baptist Church, Augusta, GA

"...an absolutely wonderful ballet presentation, the Roar of Love." **Jim Daly, President and CEO, Focus on the Family**

Outreach programs: The African-American Experience, Growing History: Creating an Heirloom Vegetable Garden

Other Programs:

The African-American Experience at Redcliffe (February)--African Americans worked for four generations of the Hammond family, first as slaves, later as sharecroppers and tenant farmers, and finally as paid employees. Come learn about the lives of African Americans at Silver Bluff, Cowden, Kathwood and Redcliffe plantations from 1831 to 1975.

Children's Day at Redcliffe (April)--Redcliffe Plantation takes children back to a time before television and computers. The day will be filled with outdoor fun from the late 1800's.

Redcliffe's Evolving Landscape (April or May)--guided tour of the grounds that were planted and altered by four generations of the Hammond family and the African Americans that worked for them.

Growing History (July)-- Participants will learn about the varieties of vegetables and herbs used by the Hammond family and persons enslaved on their plantations and receive tips on how to plant their own heirloom garden from a volunteer Master Gardener.

Home School Garden Program (June & July)-- Children will have the opportunity to learn garden basics such as planting, care and harvesting, as well as actually work in the garden using both historic and modern tools.

Session 1: Garden Basics

Session 2: Garden Harvests and Seed Saving

Archaeology Day (September)-- Learn about the archaeological research conducted at Redcliffe and the surrounding area!

Beyond the Gravestone (October)-- Take a walk with us through the Beech Island Cemetery where Governor Hammond and many of his descendants are buried. Learn about gravestone motifs and the movement to protect, preserve, and document cemetery history.

Historic Holiday Candlelight Tours (December)--Candlelight tours of area historic sites including Redcliffe Plantation SHS, the Woodrow Wilson Boyhood Home, the Lucy Craft Laney Museum of African American History, the 1797 Ezekiel Harris House, and Meadow Gardens. Tours feature costumed interpreters and refreshments based upon historic holiday favorites.

Christmas in the Quarters (December)-- Explore the holidays at Redcliffe Plantation from the perspective of the enslaved women, men, and children that were owned by the Hammond family.
